Thanks for choosing Science of the Brain for your READY enrichment!

We are a group from Washington & Lee and we are studying how enrichment activities enhance children’s development. We would like to survey the students on the first day of class and the last day of class to see what they learned from us.

The survey should take about 15 minutes and will happen during READY. If this is OK with you, please return a signed copy of the consent form below to the first day of READY.

You can contact us at any time:
Megan Fulcher, PhD, fulcherm@wlu.edu
Charlotte Magee, senior neuroscience major
Randl Dent, senior psychology major

And remember to keep checking the blog to follow along with the class:
