About CampInteractive: CampInteractive (CI) aims to inspire the next generation of technology leaders from underserved communities. We use cutting-edge tech education tools to provide students with the skills and opportunities they need to succeed, and instill the leadership qualities necessary to achieve their potentials.

CI Summer Internship Job Description

The CI Summer Intern will report to the Project Director and work in collaboration with CI staff to execute the YES (Young Entrepreneur Summit). YES is a 10-14 day program where students learn the different aspects of the project development cycle as well as useful entrepreneurial skills. The program involves a healthy mix of tech-education lectures and outdoor-based excursions. The program also revolves around several leadership modules designed to give students confidence as well as an understanding of where they stand in a group. The outdoor-based excursions may include hiking, kayaking, rock-climbing, surfing etc. By the program’s end, students will have successfully completed a mobile application using the skills learned.

Main Responsibilities:

- Assist the CI staff in YES trip coordination which includes food sources, day planning, equipment checks, etc.
- Assist CI instructors with tech-education portion of YES as well as execution of leadership modules (Ex: Explaining difference between Self Leader, Peer Leader, Active Follower, and Designated Leader or SPAD)
- Mentor and advise inner city urban youth
- Assist CI staff with health and safety measures during outdoor activities

Additional Responsibilities:

- Assist in executing the SummerQAmp internship program which includes event planning, scheduling and participating in interviews, attending tech startup site visits, and other tasks.
- Assist in fundraising which includes event planning, grant applications, creating marketing materials, etc.

Qualifications:

- Either currently enrolled in a an undergraduate or graduate program (or recently graduated)
- An interest in education, technology and working with underserved urban youth
- A strong interest in the outdoors including experience in camping, hiking, etc
- Strong organizational skills and ability to multitask
- Spanish language skills are an asset
- First aid or CPR certification an asset
Mentorship Plan:

Upon arrival, we will work together to solidify a plan of action and schedule for your time with us. Together, we will create a set of goals that are deemed beneficial to both your professional development and the successful execution of the program. We will have daily check-ins in order to make sure that the plan is in full effect and progress is on track to meeting your goals during your time with us.

You will be part of our team, and will have support and feedback from the rest of the crew.

Working Conditions:

The CampInteractive Tech & Trek Community Center is located at 2876 Claflin Ave. in the Bronx, NY (Accessible transportation options include the 4, D and 1 trains). The Tech & Trek Center became a part of CampInteractive in 2006 when community, staff, and students raised it from a dilapidated laundromat. It is now a high-tech computer lab with a large meeting area that serves as a starting point for all of our outdoors trips. CI works with underserved youth who will be occupying the center. Other working conditions will vary during outdoor trips. Interns must be comfortable with extensive periods in the outdoors and exposure to the elements.

Hours will generally be from 10am – 5pm Monday through Friday, with exceptions for meetings and trips that go into evening or are multi-day. Additional hours may be required if necessary. Dress code is casual in the office and outdoor cool on trips.
